

Statement of Non-Dual Use

Definition:

Dual-use items are goods, software and technology that can be used for both civilian and military applications. The EU controls the export, transit, brokering and technical assistance of dual-use items so that it can contribute to international peace and security and prevent the proliferation of Weapons of Mass Destruction (WMD).

Declaration:

Wirematic Trutorq AB hereby declare that no export licenses for dual use goods are required for any of our products with the commodity tariff number 8412 39 90. The products with the mentioned commodity tariff number comply in their conception and design as well as in their circulation meets with the basic protection requirements of the Non-Dual Use Directive.

In the event of a change to the product not approved by us, this declaration shall lose its validity.
